

## THE SEA DEMON: XXX

Its name is the SEA DEMON. It has blue fins on its ears. It has a green pouch on its back. It has long, black tentacles on its snout, and a purple horn on its head. It is very scary.

The SEA DEMON is quite tall. It lives in gigantic swamps, in Australia.

It is herbivorous because it can only eat grass and leaves. It is incredible because it can cure diseases. It can also shrink or become bigger in the swamps only.

The Sea Demon is less dangerous than the Lurker, but it is heavier than the

Swooping Evil. It is dangerous because it can spit venom with its mouth.
