

# Cities of the future

## ▲ Underground cities

In their underground cities people will always be near nature and will discover new ways to live. Moreover, these cities will provide protection against external threats

## ▼ Let's travel by drones

With drones, people will go on holidays with their house, flying over cities, oceans or great landscapes for free. They will be able to travel wherever they want.

## ◀ Futuristic spaceships to colonize space

Through space exploration, we will gain a new perspective to study Earth and the solar system and we will develop technologies that will improve our daily lives
