

# The future Earth

## Ideas for better living conditions

### ▲ New inventions

Cities are fertile ground for science, culture, technology innovation and creativity.

### Holidays everywhere ▶

We will be able to go on holidays thanks to drones which will carry our homes

### ▼ How to avoid traffic jams

Bike lanes will be overground or underground or in the air to optimize space.

### ◀ Super skyscrapers

We will live in buildings higher than the Shard. Would you like to enjoy amazing views?
